

"Within every child exists a creative potential that, once tapped, represents our nation's most precious natural resource. In a world where all too often the creative possibilities are stifled by the pressures of growing up in this fast-paced world, after-school arts programs provide a safe haven where caring adults help young people to explore and discover who they are and what they want to become."

(Bill Ivey, Chairman, National Endowment for the Arts).

Looking for convenient ways to add strong enrichment opportunities for your students?

Looking for high quality GATE Programs?

Have budget cuts reduced or eliminated too many key programs?

Let us help! We can develop a program tailored to your needs.

Let's give our children the opportunities they need to expand their horizons and enrich their lives!

For 13 years, Kid's College has enriched the lives of elementary and middle school students in North County San Diego. Our classes are taught by professionals and practicing artists and are provided on your school campus. We strive to make the program affordable by keeping the cost of each program low. By partnering with schools, PTA/PTO's and local businesses Kid's College is able to offer affordable classes so more children have the opportunity to explore new subjects and uncover a sense of accomplishment.

We can develop a program that works for everyone. From one class a week to eight classes a week, before school, after school, during the day pull out programs, workshops and assemblies, we can create the program that meets your objective.

Contact us today and we can get started developing a program that meets the needs of your school, and your students!

The Kid's College strives to provide classes that help children develop new interests, skills and abilities across a variety of subjects and disciplines while learning valuable life skills.

Our Mission

The Kid's College enriches the lives and expands the horizons of school age children by providing **high quality enrichment classes and programs** that are instructed by professionals and are both **convenient** and **affordable**.

These programs include the visual arts, performing arts, science, languages, life skills, sports and technology. Our classes build artistic and academic skills, enhance self-esteem and confidence, promote self-discipline, build literacy and are designed to **enhance each child's educational experience**.

Founded in 1996 in San Marcos, California by a retired schoolteacher, The Kid's College has enriched the lives of over 30,000 school age children. The Kid's College is a 501(c)3 nonprofit organization and currently operates in North County San Diego

For more information about our programs visit our website www.thekidscollege.org or call us at 760-207-6112.
